TIMBERTRAC TENTS

## *cover tomorrow*

In today's climate, social distancing is part of our new culture and at Benson Tent Rent we take that seriously. We believe in creating solutions to challenges presented and hope this introductory piece delivers just that.

With summer and the warmer weather fast-approaching, our tents allow your customers to comfortably wait outside while waiting for their tour to begin. They can experience their comprehensive spirits tasting after the tour while enjoying the cover.

Invite your customers to host a special gathering in our beautiful Timbertrac tent featuring a rustic Colorado atmosphere.

## TENTED OPPORTUNITIES
